O'Dell Engineering

What is the 2019 Stars Club?

- The Stars Club is an annual program providing our valued members with the opportunity to choose a level of financial sponsorship that will be within your company budget and will be a one-time a year investment.

How does your Company Benefit?

- As a member of the Stars Club, you are making a one-time only investment for the entire year to insure continued excellence of our Association.
- As a Stars Club participant, your company will have representation at all BIA of the Greater Valley events.
- As a Stars Club participant, the only other solicitations you will receive will be for in-kind donation or special sponsorship opportunities that will be available at events and programs.
- Depending on the sponsorship level you choose, your company will receive different levels of advertising, recognition, as well as complimentary tickets to BIA of the Greater Valley events.

How does this benefit BIA of the Greater Valley?

- It allows us to identify early participation in both numbers and company representation for each event. This is important as we strive to choose venues that will ensure successful events based on this participation.
- It assists us in budgeting each of the events throughout the year.
- It allows us to bring you quality events that are dedicated in bringing the membership together in unity, while providing networking and business development opportunities.
- Your Stars Club participation helps curtail increases in membership dues.
