

Building to the 2019 Residential Code - Practical Options for Compliance

Attendees will learn about changes to the 2019 Energy Code that will affect California residential and multi-family projects permitted on/after January 1, 2020:

- What are the final prescriptive requirements of the residential code?
- What are the most significant changes to the 2016 code?
- Will High Performance Walls and Attics be unavoidable under the new code?
- Which compliance options make the most sense for builders?
- What are the options for meeting the solar mandate?
