

CALIFORNIA BUILDING INDUSTRY ASSOCIATION

WORKERS' COMP GROUP PROGRAM

ABOUT US

CBIA strives to provide our members with the best business solutions. **Workers' compensation** insurance is a major component of every company's balance sheet, and purchasing insurance continues to be difficult and expensive for contractors, developers and construction-related companies throughout the state. Many carriers have pulled out of insuring the construction industry altogether, leaving companies like yours forced to deal with a larger business expense and fewer options. But there's good news...

CBIA has an **exclusive** offer for its members: A workers' compensation safety group program that provides **affordable workers' compensation insurance** at a discounted rate. In addition to savings, the program provides resources and tools to promote safety – which ultimately protects or drives down your experience modification.

Why wait? Call us or your broker to get access to this member benefit.
